

Dear Elizabeth

When my mom bought river I was very excited but when I saw another horse named Barbo I liked him better. Why do I like Barbo better because he is calm and does not kick or bite. When Elizabeth gave me my first lesson I was so excited. When I first got on him it was a little bit scary but once I got used to it it was very fun. Since I have earned many lessons with Elizabeth by cleaning tack and the barn. I want to continue riding horses for the rest of my life and do horse shows. Thank you for taking the time for letting me ride Barbo.

Love

Kristen
